Cover Falcon: Jared Andretti

Jared Andretti of Castro Valley, California is the proud owner of this 1965 Falcon hardtop. He also has two Rancheros. His girlfriend, Jenni Smith, writes that this Falcon originally belonged to Jared's great grandfather who bought it new in 1965. The Falcon has passed through four generations of the family and still has its original color, interior and many other features.

Jared has entered the car in many car shows and won numerous awards. The car took First Place at the Oakland Roadster Show and The Good Guy's Autumn Get-Together.

Jenni and Jared are "so excited to finally find a Falcon Club!" They look forward finding a local Chapter, meeting some members and sharing Falcon activities with them.

Welcome to the Falcon Club of America!

This past August Carol and I were honored to be speakers at both the Northeast Regional Meet, sponsored by the Northeast Chapter and the Eastern Regional Meet, sponsored by the Keystone Chapter. Each of these chapters did an outstanding job. The location, weather, fellowship, accommodations, and Falcons were exceptional. The Northeast Chapter was celebrating their 15th anniversary and the Keystone Chapter, their 10th. These anniversaries gave me cause to reflect on our great club over the past 15 years. When the Northeast Chapter started in 1983 our club had 1,000 members and 10 chapters, today we are 3,300 strong and have 45 Chapters. The newsletter was upgraded in 1983 from the original format to the printed booklet. We now

have a 16 page glossy color publication. That year the National Meet was in Dallas, hosted by the Lone Star Chapter. There were no Regional Meets. This year the Mile Hi Chapter hosted the National Meet in Colorado and 5 Regional Meets were held. This is in addition to numerous All Ford Shows and picnics shows throughout the country all hosted by local Chapters.

Both the Ray Miller book and the Phil Cortrill Book were published in 1983. Thanks to Bonnie and Mary the Ray Miller book has been republished and is available through the Club Store. In most states the oldest Falcons were not yet considered antiques. There was no Falcon Discussion Group and we had no Website. Thank You Brian! None of this would have been possible with our all of you and your support of the Falcon Club.

My congratulations to all the Chapters, whether celebrating your first or fifteenth anniversary, for their contributions to help make the Falcon Club of America the great club it is today.

See Ya'll in Florida

Steve and Carol

The 19th annual FCA National Business meeting was held on July 18 at 2:00 p.m. at the Beaver Run Resort in Breckenridge Colorado.

Dear Falcon/Comet enthusiasts,

By now you have heard of this book and know there is no other book like it.

Whether you are restoring your Falcon/Comet now and need to know what is right for your small block V8, or have already done a concours restoration and need to know what the judges will think, or you have a driver car and just need info on what parts will work, this book will answer your questions. For example:

What color were engine components painted and how were the decals placed? • What are the correct casting numbers for engine components? • What air conditioning brackets are correct? • What is the advancement curve for my distributor? • What are the differences between small block V8 heads and their true compression ratios? • What performance improvements did Ford offer?

It takes 736 pages and almost 3,000 photos to tell this story, making this 8 1/2" x 11" book 1 1/8" thick! Know what is right for your engine and know what is not. One good find in a swap meet and the book has paid for itself! - Author

Snapshots of 1965

FEATURE *Falcon*

Mark Hoffman of St. Clair, Missouri bought this 1965 Falcon Futura Hardtop 22 years ago for \$200. He was 14 years old at the time. It served as his high school transportation and auto body class project. Then it was used only on weekends and for

special events, being mostly garaged until the Spring of 1993 when he decided to do a complete restoration with some "personal modifications." The car was disassembled and bead blasted. Then the body was painted, a new windshield installed and all rubber replaced.

The engine is a 302 cu. in. with Crane cam and Weland Intake. The transmission is a Borg Warner T-10 with Hurst Competition Plus Shifter. It has a Ford 9 in. rear end with

3:89 gears. The suspension is PST Polygraphite Performance Kit with gas shocks and a 1 inch front sway bar. The tires are Michelin 185-70-14 front and 205-70-14 rear. The wheels are Crager SS 14x6. The interior is original with Falcon Sprint steering wheel, VDO Tach and underdash stereo unit. The car was finished in time for 1996 Nationals where it took First Place in its class, 1963-1965 Modified Hardtops. Since then it has won other awards including Best of Show and Best Paint.

SONOMA COUNTY CHAPTER GOING TO THE DOGS?!

The Sonoma County Falcons for Fun donated a portion of the raffle proceeds at the Santa Rosa Regional to a very worthy cause. Canine Companions for Independence assists people with disabilities achieve greater independence through the use of a companion canine.

Service dogs can pick up dropped items and open doors. A hearing dog can alert an owner to a knock or smoke alarm. Assisted service dogs provide companionship for children. Special facility dogs perk up the day of people living in facilities. The Canine Companions for Independence noted the interest, commitment and caring of the Sonoma County Chapter.

PACIFIC REGIONALS KEEP GETTING BETTER!

The annual Pacific Regionals in Santa Rosa began Friday afternoon June 19 with a cruise to the Stony Point Grill. Thirty-five Falcons and one Comet dominated the parking lot. Dinner was served on the patio. Old friends became reacquainted and new friends met over a wonderful dinner. About 75 cars were entered in the Show and every class was

represented. The Swap Meet was a success and there were plenty of choices. FCA President Steve Springer was in attendance and Roger Cubertson drove his sedan delivery (left) from Mexico to participate in a great show. Thanks to Al Aiello for the story.
